ABOUT US

Mac Jason Academy (<https://macjasonacademy.com>) offers IT training and Cyber Security courses (instructor led, online and in person training classes) and programs that are tailored to address skill gaps and improve the competency of every student.

Mac Jason Academy was established in 2016 and is headquartered in Houston, TX.

Mac Jason Academy is an EC-Council Accredited Training Center (EC-Council ATC) with a proven track record of success.

The EC-Council is a member-based organization that certifies individuals in various information security and e-business skills. EC-Council has been certified by American National Standards Institute to meet its ANSI 17024 standard.

Mac Jason Academy is also an approved Licensed Career School and College by the State of Texas (<https://apps.twc.state.tx.us/CSC/directory/search.do>)

PROGRAMS

CYBERSECURITY CERTIFICATION

Mac Jason Academy offers a broad range of cyber security training to students. We provide cyber security training for the following: ISACA Certified Information Security Manager (CISM), (ISC)2 Certified Information Systems Security Professional (CISSP), and EC-Council Certified Ethical Hacker (CEH). Our IT certified trainers possess a combined industry experience of over 100years.

Please, see the below for more information - <https://macjasonacademy.com/cyber-security/>

01 **COMPTIA SECURITY+ CERTIFICATION TRAINING**

This CompTIA Security+ training course provides the foundational knowledge you need to pass the CompTIA Security+ certification exam, and the skills to ensure compliance and operational security in your organization.

Please, see the below for more information –

<https://macjasonacademy.com/comptia-security-certification-training/>

02 **FUNDAMENTALS OF CYBER SECURITY**

This course is designed to provide a basic but working understanding of Cyber-Security. Students learn about their role in cyber security to enable them to do their jobs more effectively, as well as learn about cyber security threats.

Please, see the below for more information –

<https://macjasonacademy.com/cyber-security/>

03 **OFFICIAL (ISC)2® CISSP TRAINING AND CERTIFICATION PREP**

Attend this official (ISC)2® CISSP certification course and get prepared to pass the exam and become a CISSP. You will gain the foundational knowledge to fully prepare for the exam, including a comprehensive understanding of the CISSP® CBK® 8 domains.

Please, see the below for more information –

<https://macjasonacademy.com/official-isc2-cissp-training-and-certification-prep/>

04 CERTIFIED RISK AND INFORMATION SYSTEMS CONTROL (CRISC) TRAINING

This official ISACA CRISC certification course provides students with in-depth coverage on the four CRISC domains: Risk Identification; IT Risk Assessment; Risk Response and Mitigation; Risk and Control Monitoring and Reporting.

IT and enterprise risk management is key to an organization's operations and strategy.

Please, see the below for more information – <https://macjasonacademy.com/certified-risk-and-information-systems-control-crisc-training/>

05 CERTIFIED ETHICAL HACKER (C|EH)

The C|EH course provides learners with an understanding of ethical hacking phases, various attack vectors, and preventative countermeasures.

Please, see the below for more information – <https://macjasonacademy.com/ec-council-courses/#1697556716127-de7cb374-e0c7>

06 COMPUTER HACKING FORENSIC INVESTIGATOR (CHFI)

The Computer Hacking Forensic Investigator (CHFI) certification verifies a candidate's abilities to recognize an intruder's footprints and to appropriately compile the required evidence for a court case.

Please, see the below for more information – <https://macjasonacademy.com/ec-council-courses/#1697556716127-de7cb374-e0c7>

00 CERTIFIED INFORMATION SYSTEMS AUDITOR (CISA) TRAINING

An ISACA Certified Information Systems Auditor is recognized as one of the leading authorities in the areas of IS auditing, control, and information security. This official CISA training course provides students with in-depth coverage of the five CISA domains that are covered on the CISA exam.

Please, see the below for more information –

<https://macjasonacademy.com/certified-information-systems-auditor-cisa-training/>

07 CERTIFIED SOC ANALYST (CSA)

RedTeam Certified SOC Analyst (CSA) course is the first step to joining a security operations centre (SOC). It is engineered for current and aspiring Tier I and Tier II SOC analysts to achieve proficiency in performing entry-level and intermediate-level operations.

Please, see the below for more information –
